Environmental Impact Report – Jump to Job Project Final Dissemination Event

Aleksandra Denša, Brussels, 23/6/2022

Co-funded by the
Erasmus+ Programme
of the European Union

Areas of the Environmental Impact Protocol:

- waste reduction,
- reuse and recycling,
- energy efficiency,
- mobility,
- reduce of food waste,
- travelling,
- location of venues for meetings/trainings,
- avoidance of plastic cutlery,
- digitalised material and documentation etc.

Co-funded by the
Erasmus+ Programme
of the European Union

Transparency of Environmental Impact Protocol in the Environmental Impact Report

For example:

- The regular project partner meetings were conducted on-line by using the MS Teams program as software, because of the COVID-19 pandemic.
- Mainly digital documents and promotional materials have been developed and were used for dissemination instead of paper material.
- Both trainings courses organised in Spain and Greece were conceptualised and organised with defined care and attention paid to the Environmental Protocol.

Co-funded by the
Erasmus+ Programme
of the European Union

Training courses with trainers, job coaches and the peer mentors

Project partners, who organized the training took into consideration all of aspects of the Environmental Impact Protocol:

- location/venue of the training and the accommodation,
- minimal use of public transportation,
- reduction of food waste and avoidance of plastic cutlery, plastic bags and bottles,
- minimal use of paper material etc.

Co-funded by the
Erasmus+ Programme
of the European Union

THANK YOU.
